Hidden Gems of the Mekong Delta

By Sarah Chen, Travel Correspondent

Beyond the floating markets of Can Tho lies a

quieter, slower rhythm of life. In the small villages along the tributaries, fruit orchards stretch for kilometers, and locals still travel primarily by boat.

Our team spent three weeks exploring lesser-

known canals, where homestays offer travelers a rare glimpse into daily river life — from dawn fishing trips to evening lantern-lit dinners on stilted houses.

Behind the floating markets of Can Tho lies a slower and more peaceful pace of life. In small villages along river branches, orchards stretch for kilometers, and people still travel mainly by boat.

Our group spent three weeks exploring the little-known canals, where homestays give visitors a rare glimpse into daily riverside life — from dawn fishing trips to lantern-lit dinners in stilt houses.
