

*SUBJECT REGISTRATION FORM (Part 2: synthesize learned knowledge (analysis, software design, database, programming languages, etc.) combined with self-research knowledge to design a system/program/application/software, solving at least one practical problem in society)*

1. Basic information Full name T V1: Ha Hoang Phuc .....  
MSSV: 222683..... Email: phuc222683@student.nctu.edu.vn.....  
Class: DH22TIN07..... Full name TV2:  
..... MSSV:..... Email:  
..... Class:.....

2. Registered topic Topic name: Programming learning website -  
CodequestAI.....

(The topic intends to develop into a graduation thesis, hoping to be guided by the teacher  
(full name of teacher.....)).

-Summary of topic content: Programming learning website - CodequestAI is a  
modern programming learning platform, combining AI + Gamification to create a  
learning experience that is both interesting and  
effective.....  
.....

*What functions does the topic include: (Decentralization, search, statistics, reporting, management,...): Decentralization (login/logout), user management (profile, forgotten password), statistics (rankings, analysis), game management ([AI] personalized quiz, [AI] coding speed challenge, [AI] code grading, [AI] lesson creation, [AI] code battle, [AI] debugging, [AI] code art), [AI] teaching, [AI] challenge, [AI] virtual assistant, and content pages (home, about, contact, featured, dashboard).*

### Bái Doc

Buổi sáng, Mai thức dậy sớm. Em chạy ra vườn ngắm  
nhà ông mặt trời đang nhò lên từ phía đông.

Nhưng tia nắng sớm chiếu rọi qua kẽ lá, lấm vườn cây  
sáng bừng lên.

Mai hít thở không khí trong lành và lắng nghe tiếng chim  
hót líu lo trên cành cây.

) The topic has the following contents: (yes/no) System design analysis: Yes  
..... Database:

Yes..... Interface  
design: Yes.....

## FACULTY OF INFORMATION TECHNOLOGY

Development direction:

Yes.....Topic has inheritance  
from existing topic: Yes.....Other  
(specify):.....  
.....  
.....  
.....

Where is the topic applied: Interactive programming learning platform with AI for education, training, and assessment of programming skills for students, beginners, and training centers.....

-3. Other opinions: -Do students have any additional suggestions for instructors:

| School   | Data type | Description   | Bind             |
|----------|-----------|---------------|------------------|
| UserID   | int       | Mã dùng người | Primary Key      |
| Username | nvarchar  | Tên đăng nhập | Not null, Unique |
| Password | nvarchar  | Password      | Not null         |
| Role     | nvarchar  | Role          | Not nul          |
